

Diversion Due to Equipment Problem

Question: **Equipment Problems (ER1)**

Exposure Factor: **Events per 100k Hours**

Rate estimates based on all data
collected through October, 2002.

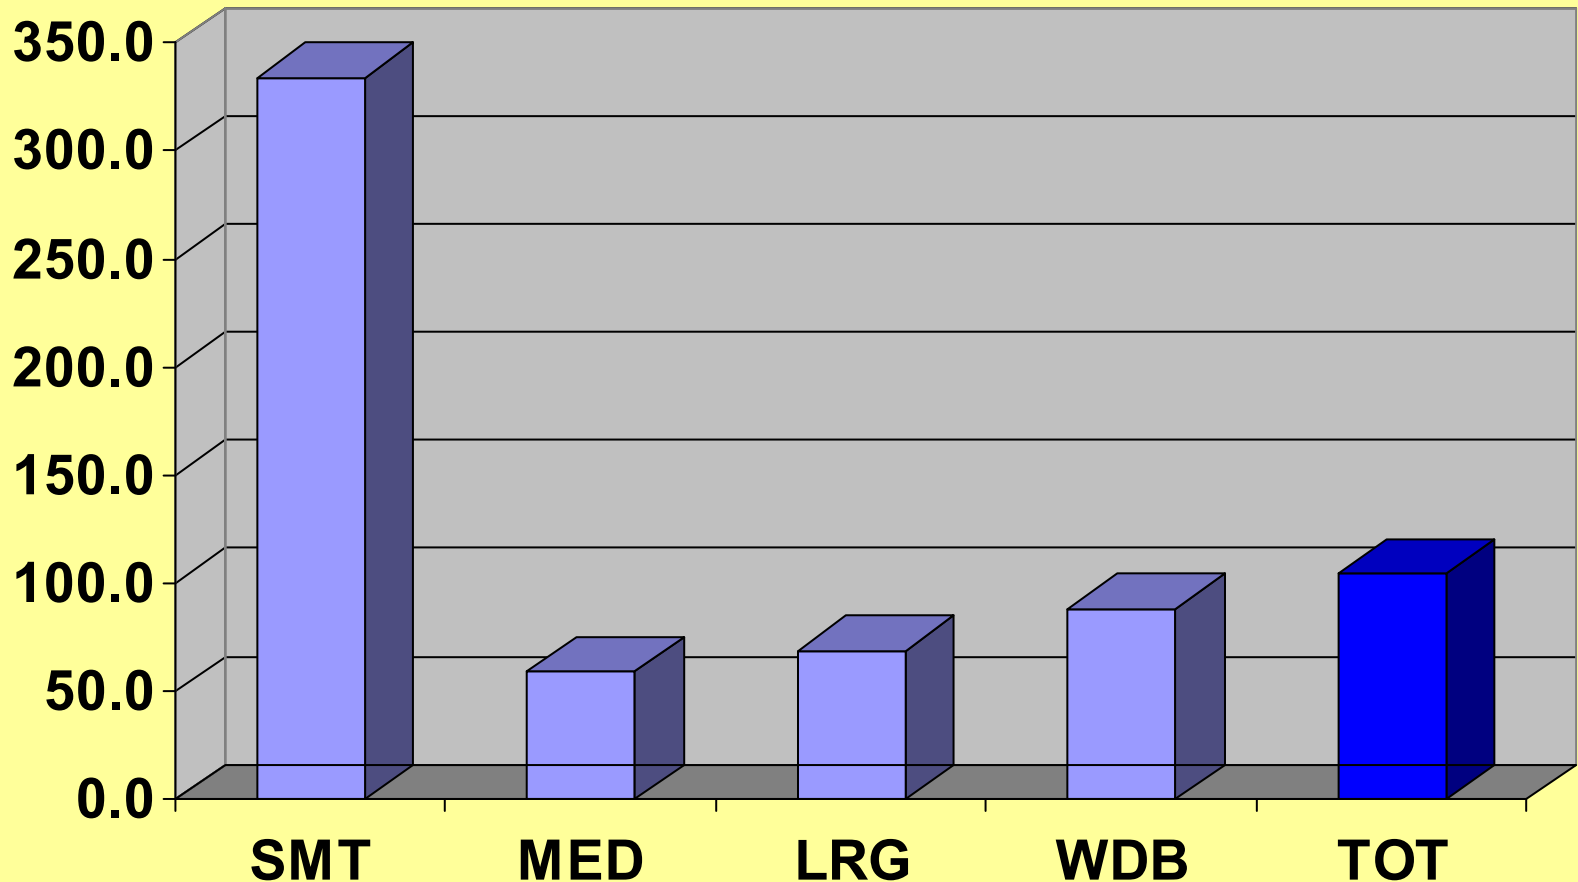

Severe Turbulence Encounter

Question: **Turbulence Encounters (TU1)**

Exposure Factor: **Events per 100k Hours**

Rate estimates based on all data collected through October, 2002.

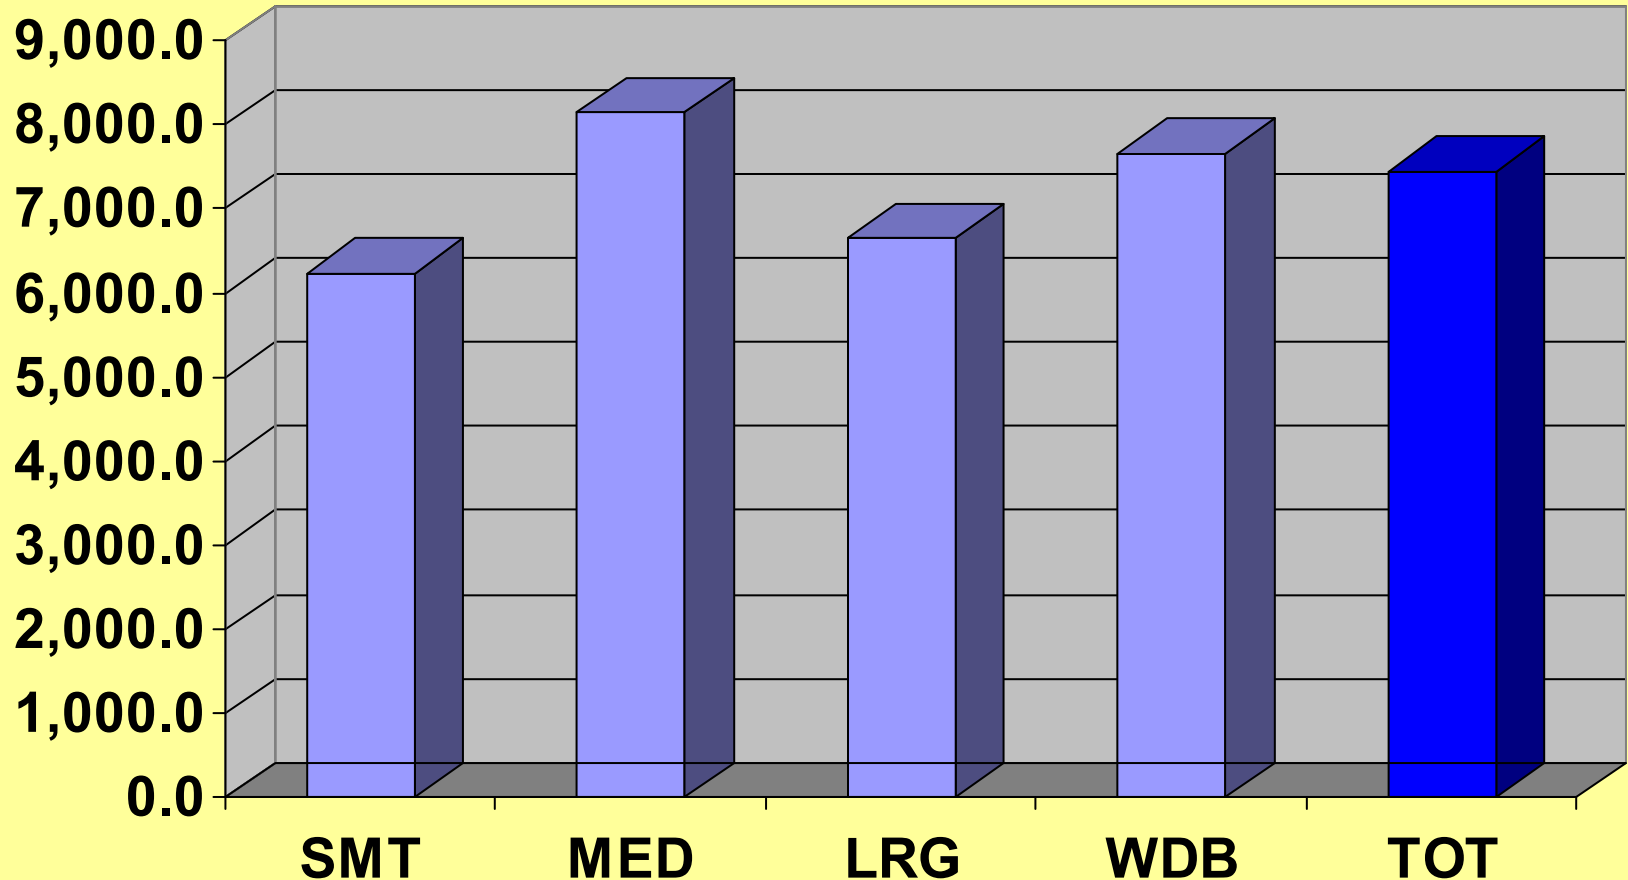

Wake Turbulence Encounter

Question: **Turbulence Encounters (TU2)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

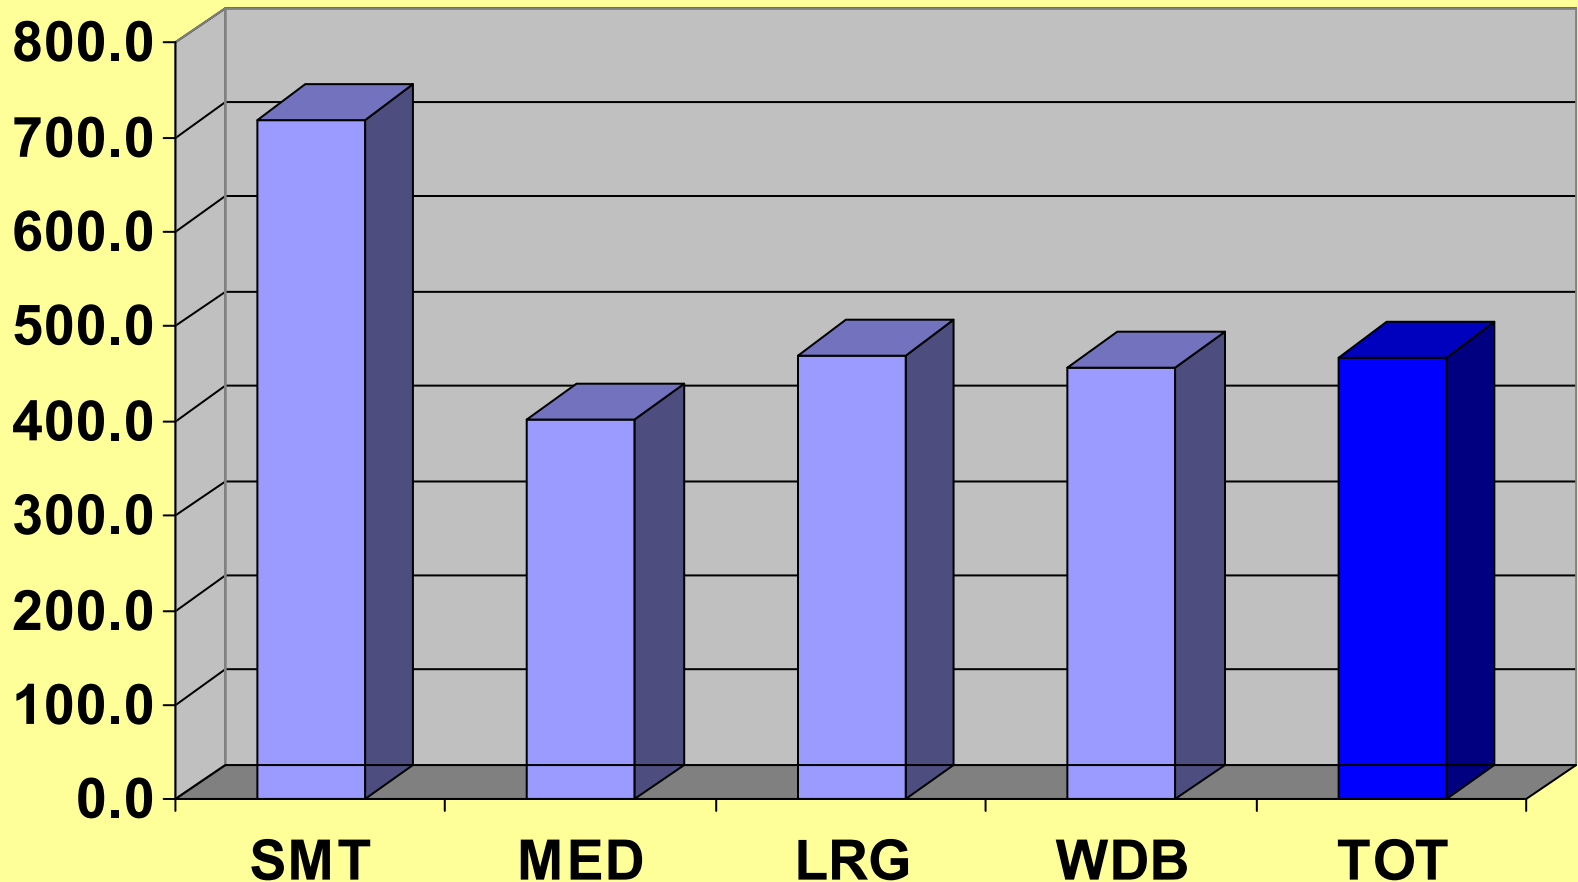

Lacked Good Wx Info while Airborne

Question: **Weather-Related Events (WE1)**

Exposure Factor: **Events per 100k Hours**

Rate estimates based on all data
collected through October, 2002.

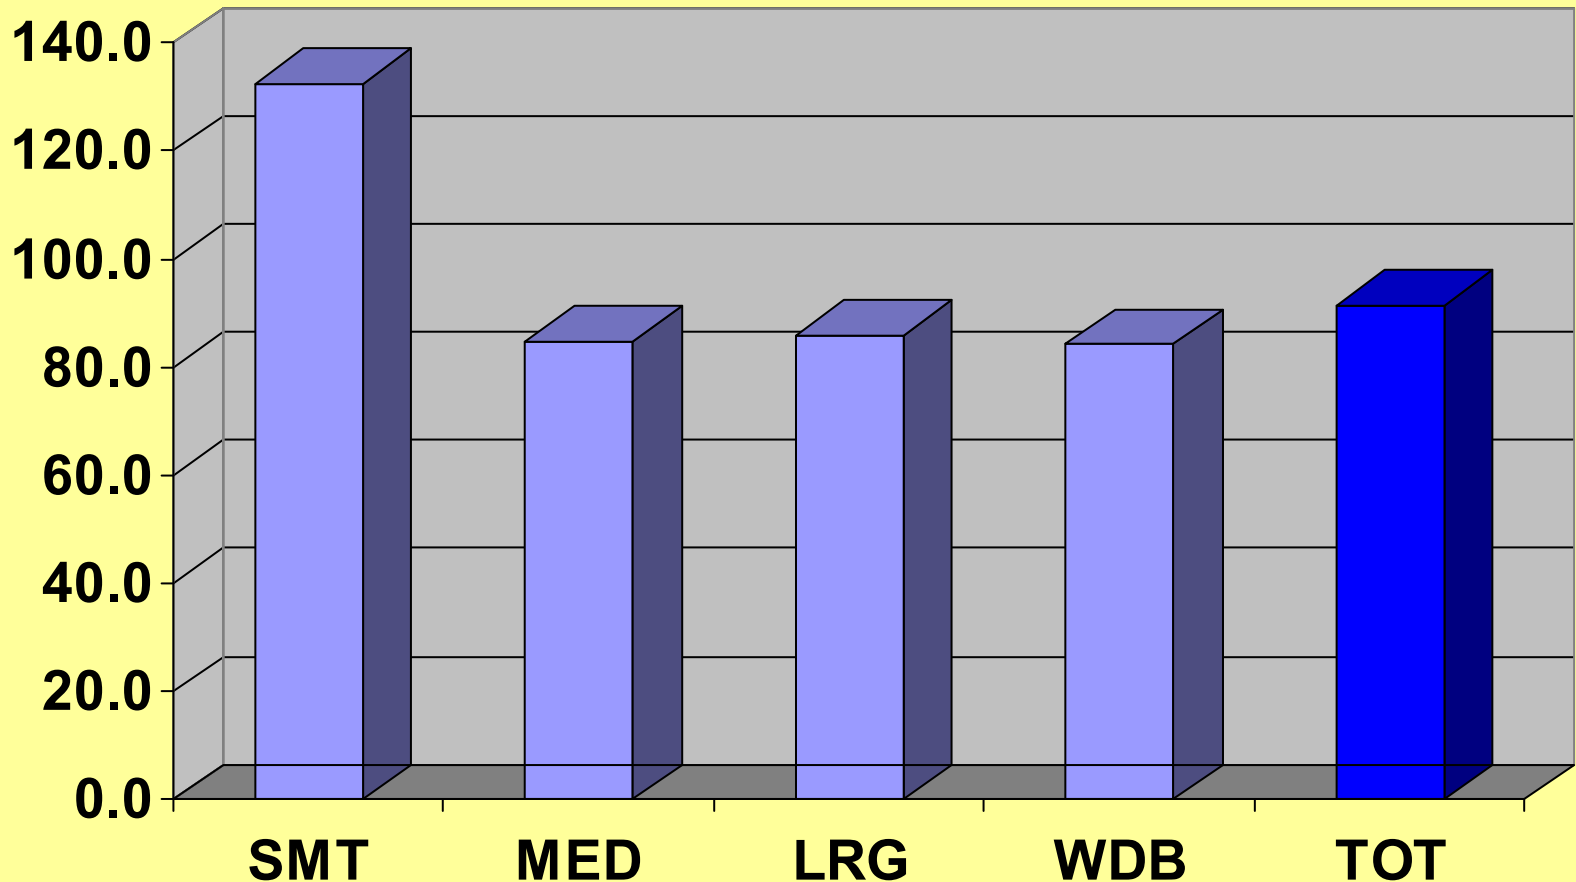

ATC Denied Request to Circumvent Wx

Question: **Weather-Related Events (WE2)**

Exposure Factor: **Events per 100k Hours**

Rate estimates based on all data
collected through October, 2002.

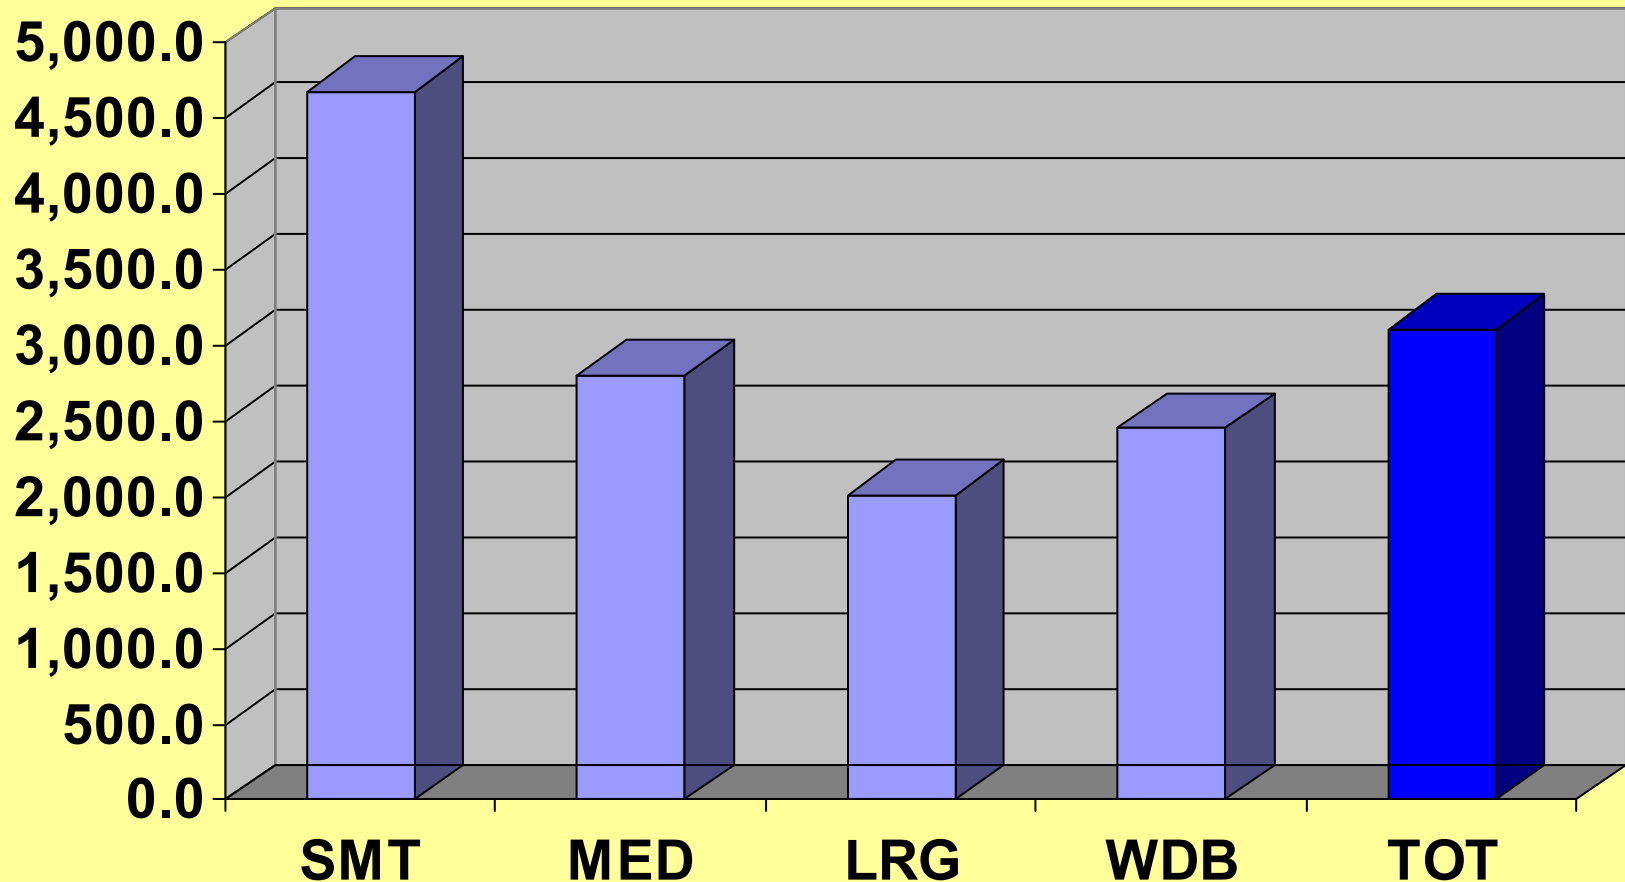

Diverted to Alternate Airfield because of Wx

Question: **Weather-Related Events (WE3)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

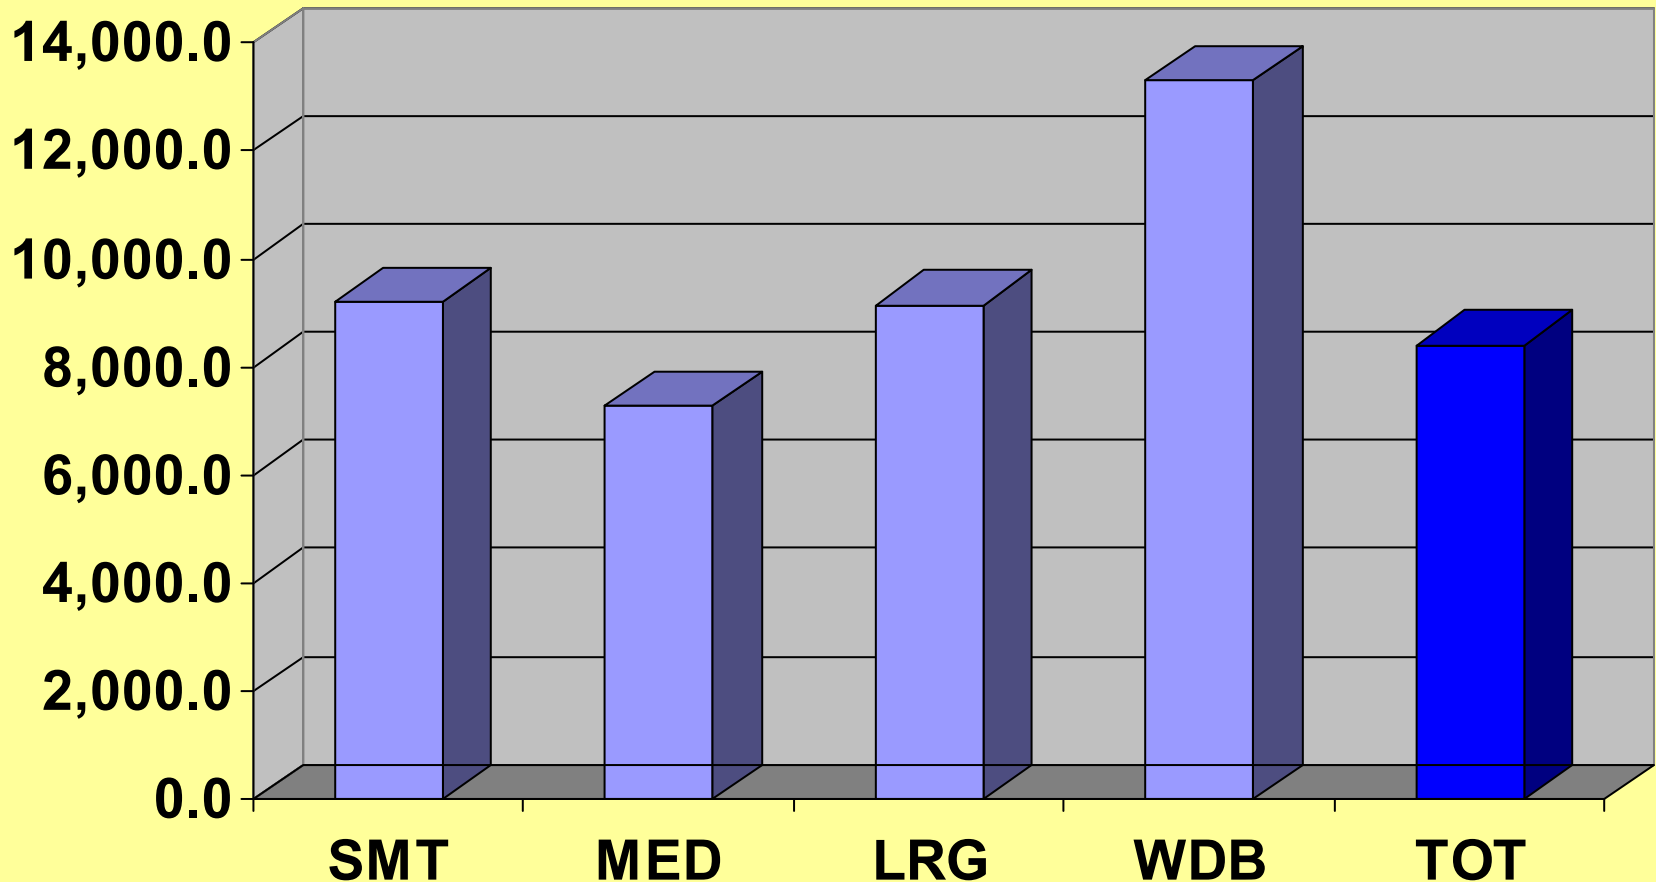

Windshear or Microburst Encounter; >15 Knot Airspeed Chg

Question: Weather-Related Events (WE5)

Rate estimates based on all data
collected through October, 2002.

Exposure Factor: Events per 1 million Legs

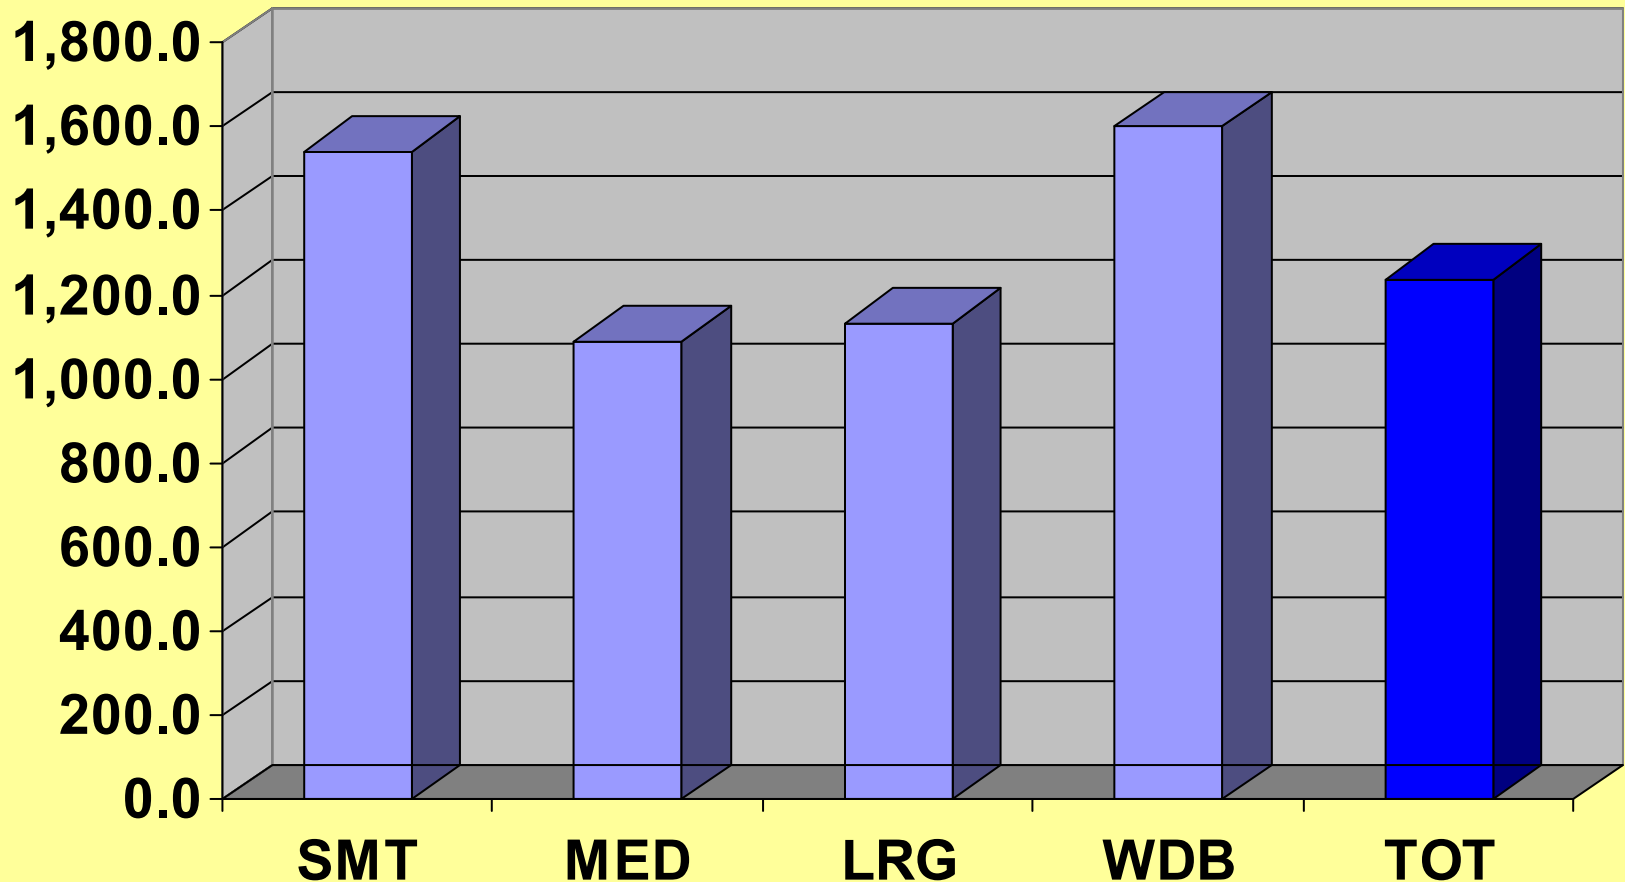

Windshear or Microburst Encounter; Windshear Maneuver

Question: Weather-Related Events (WE6)

Rate estimates based on all data collected through October, 2002.

Exposure Factor: Events per 1 million Legs

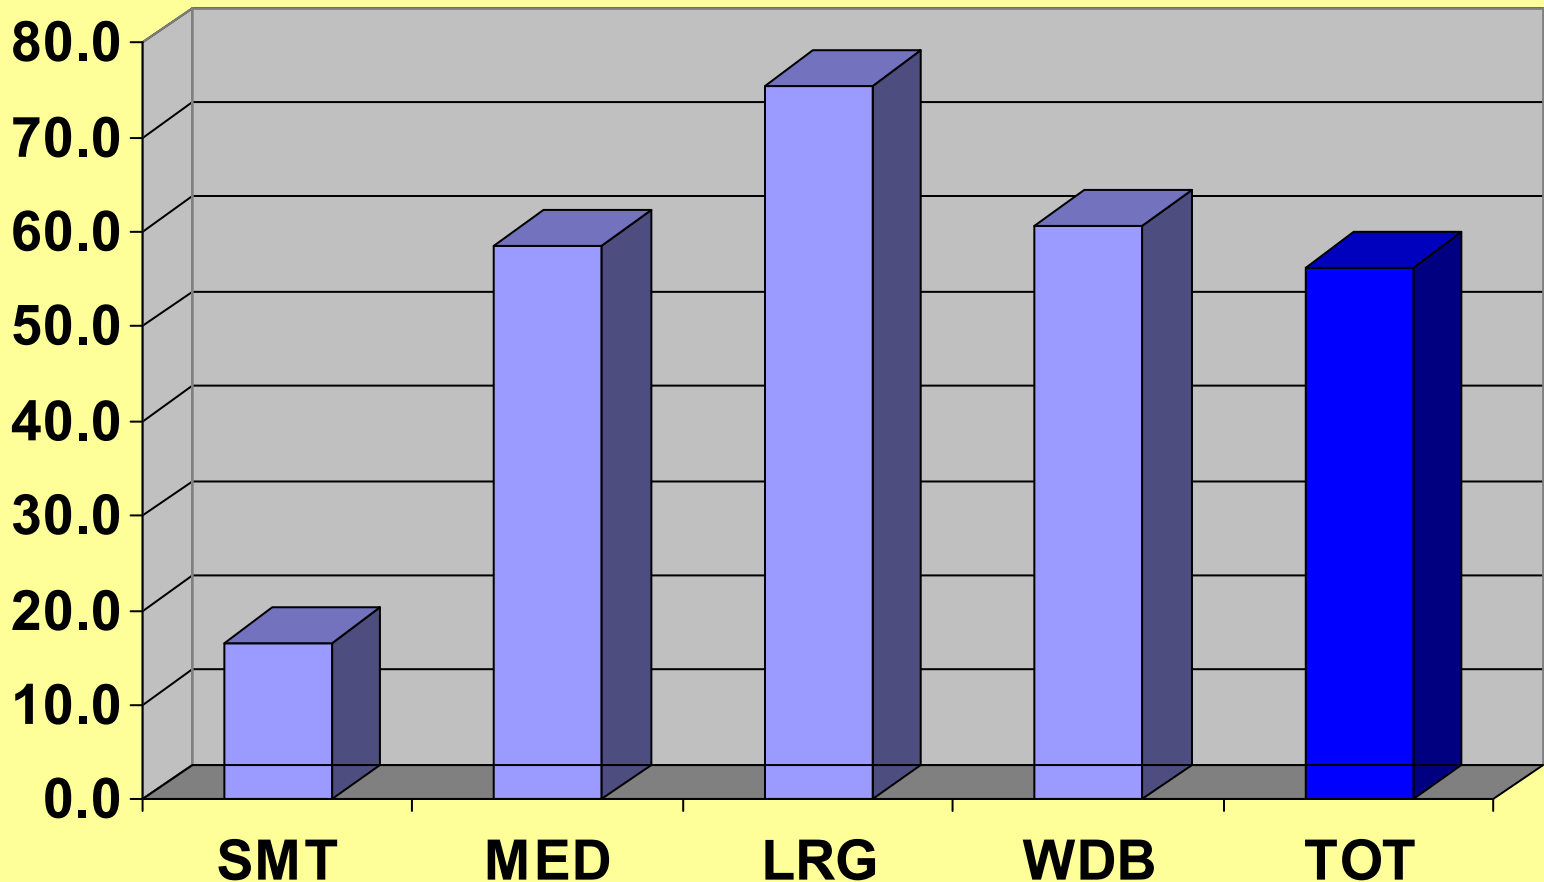

Expedited Lndg or Diversion due to Pax Medical Emergency

Question: **Passenger-Related Events (CP1)**

Rate estimates based on all data collected through October, 2002.

Exposure Factor: **Events per 100k Hours**

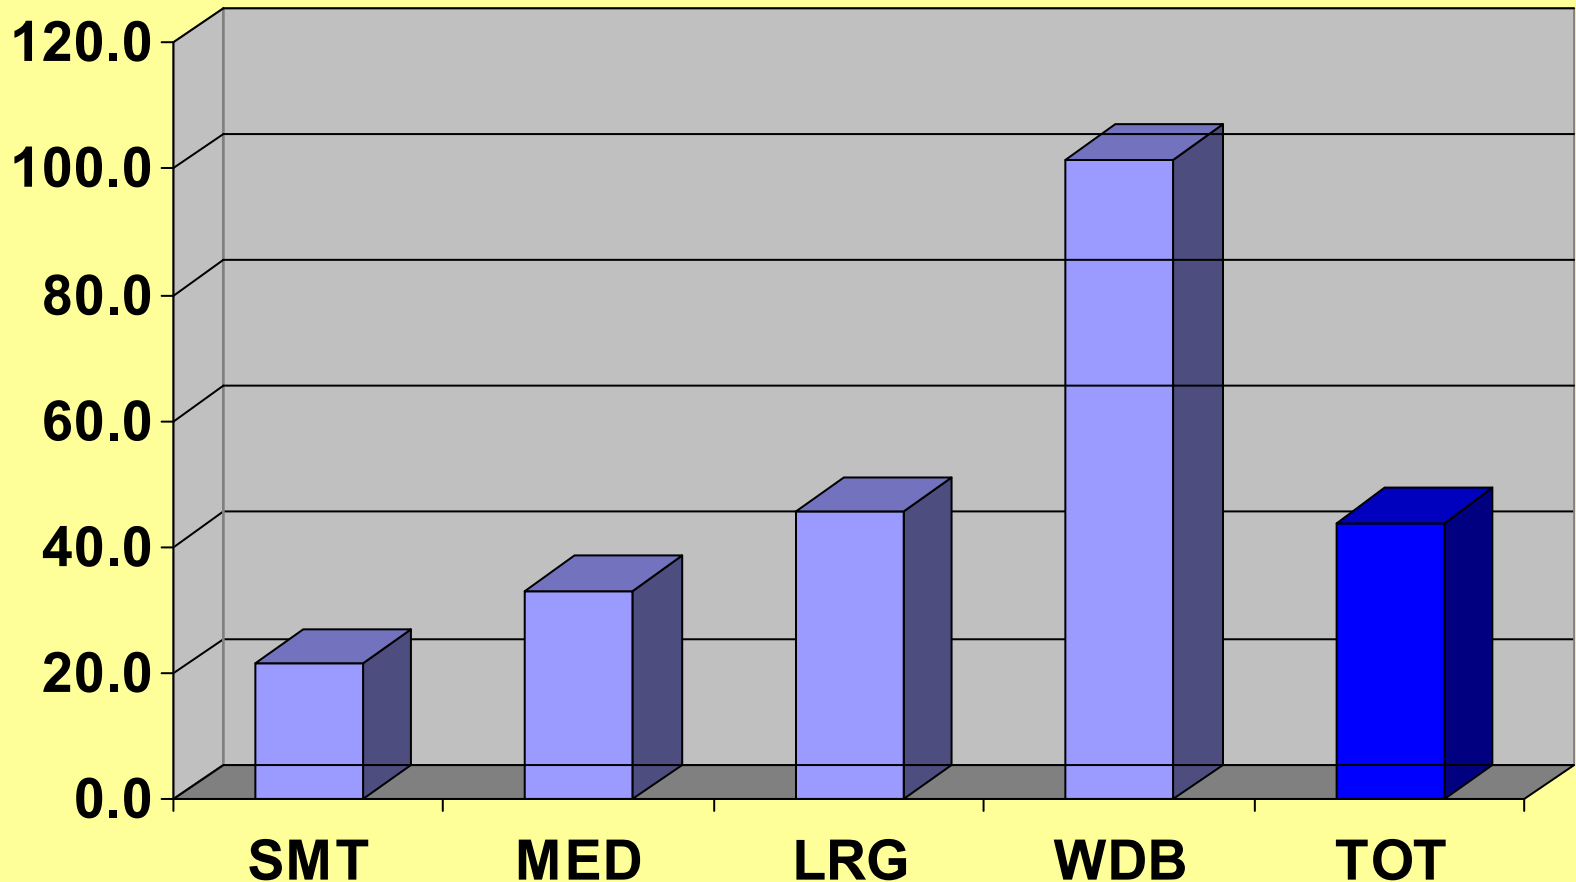

Pilot Left Cockpit to Deal with Pax Disturbance

Question: **Passenger-Related Events (CP3)**

Rate estimates based on all data
collected through October, 2002.

Exposure Factor: **Events per 100k Hours**

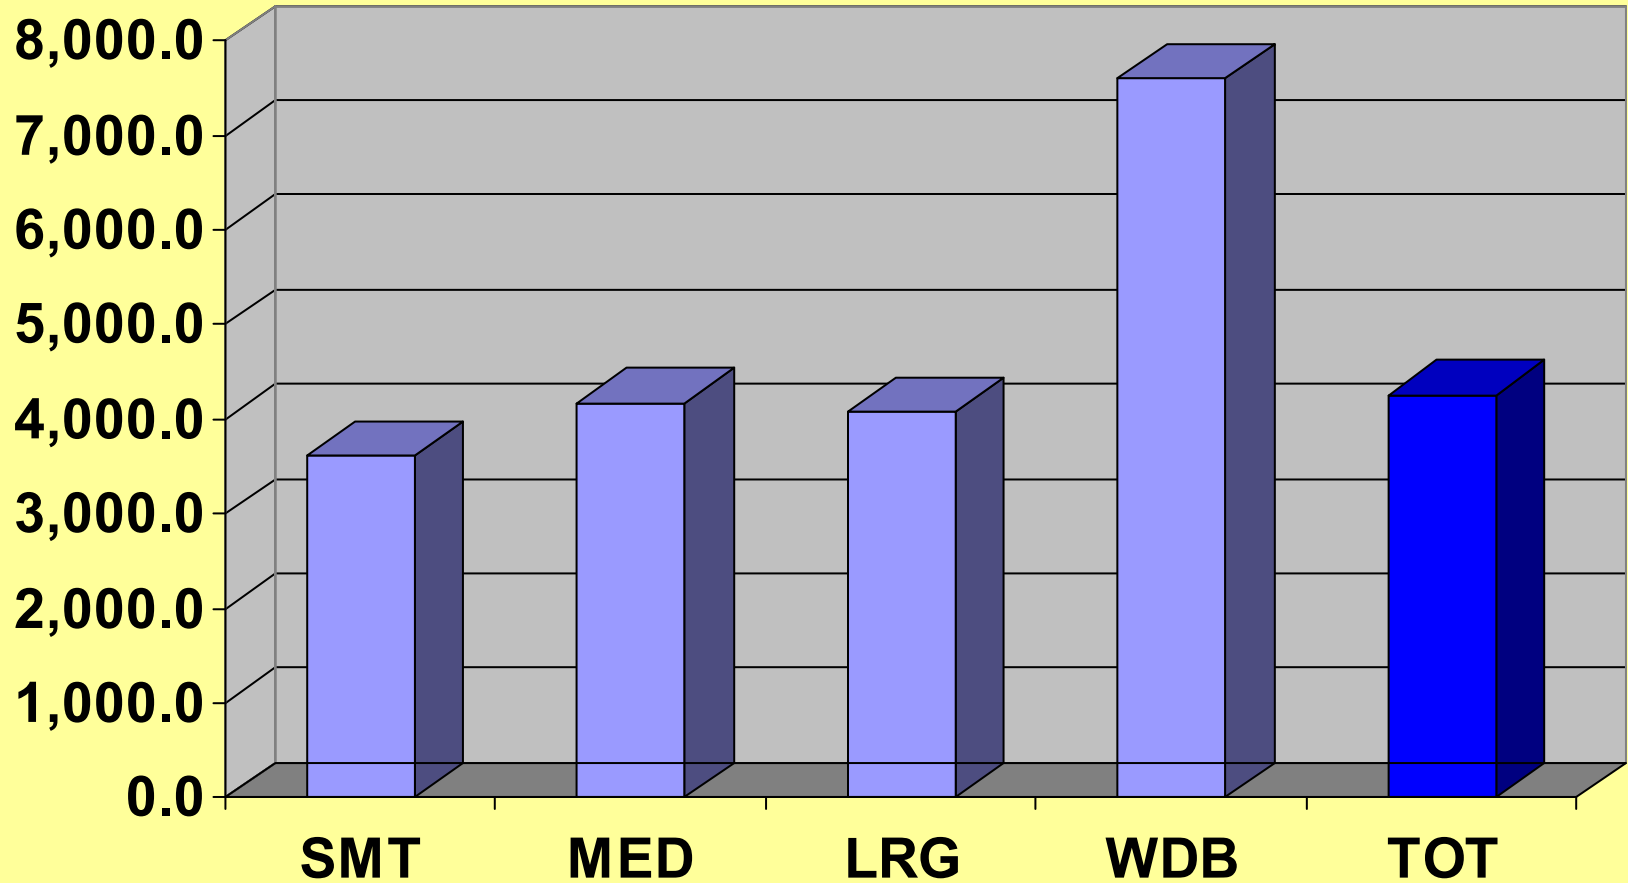

Bird Strike

Question: **Airborne Conflicts (AC1)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

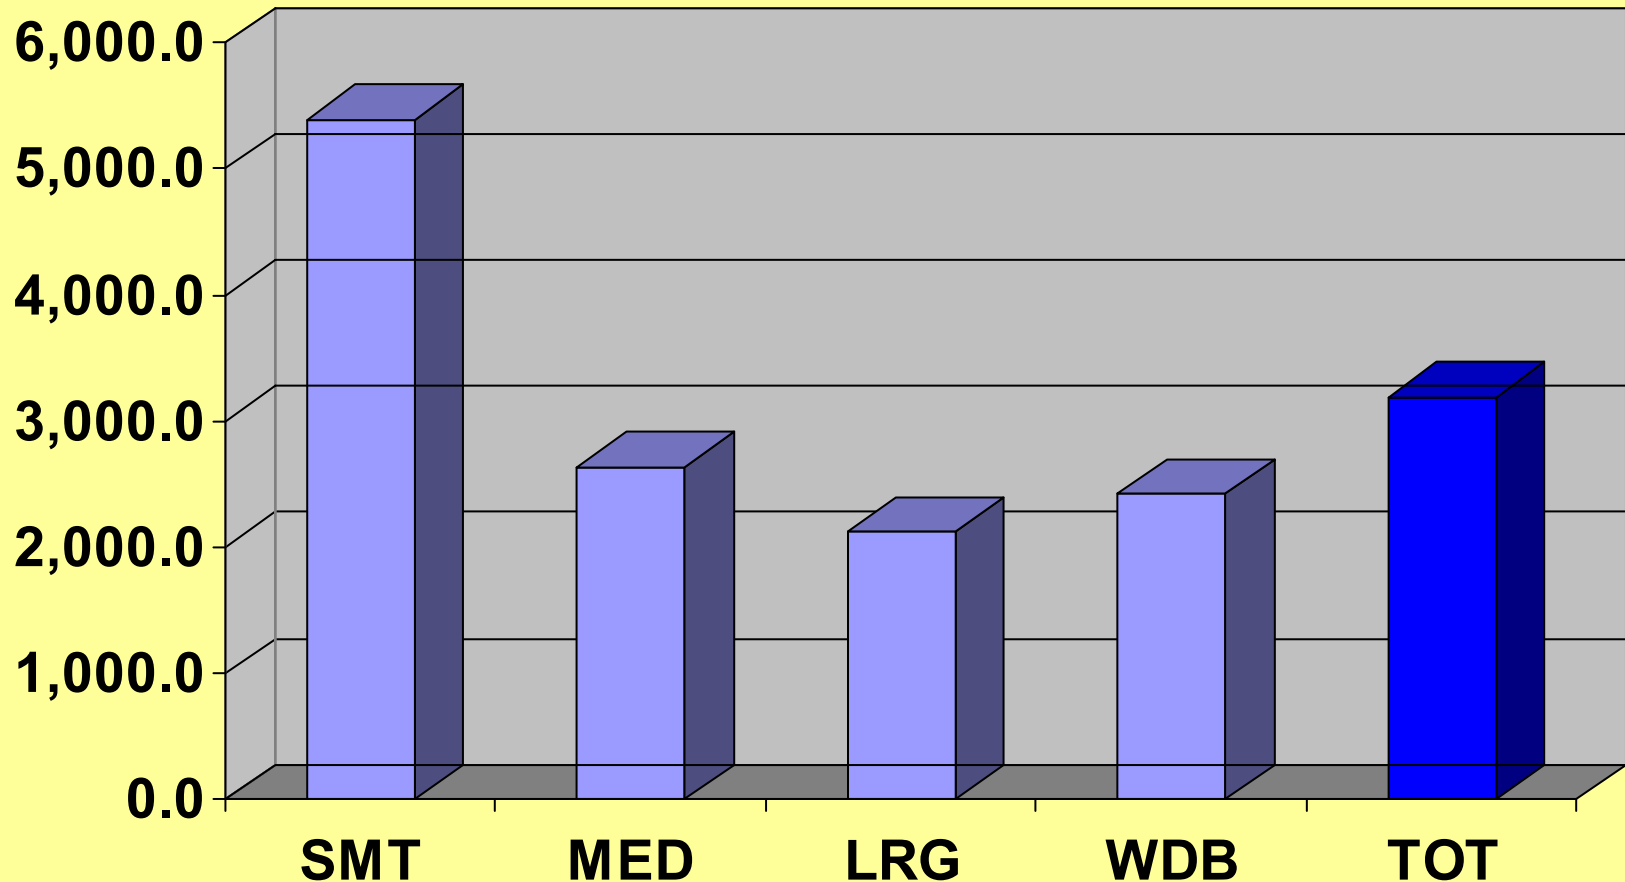

Evasive Action; >500 ft Separation

Question: **Airborne Conflicts (AC2)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

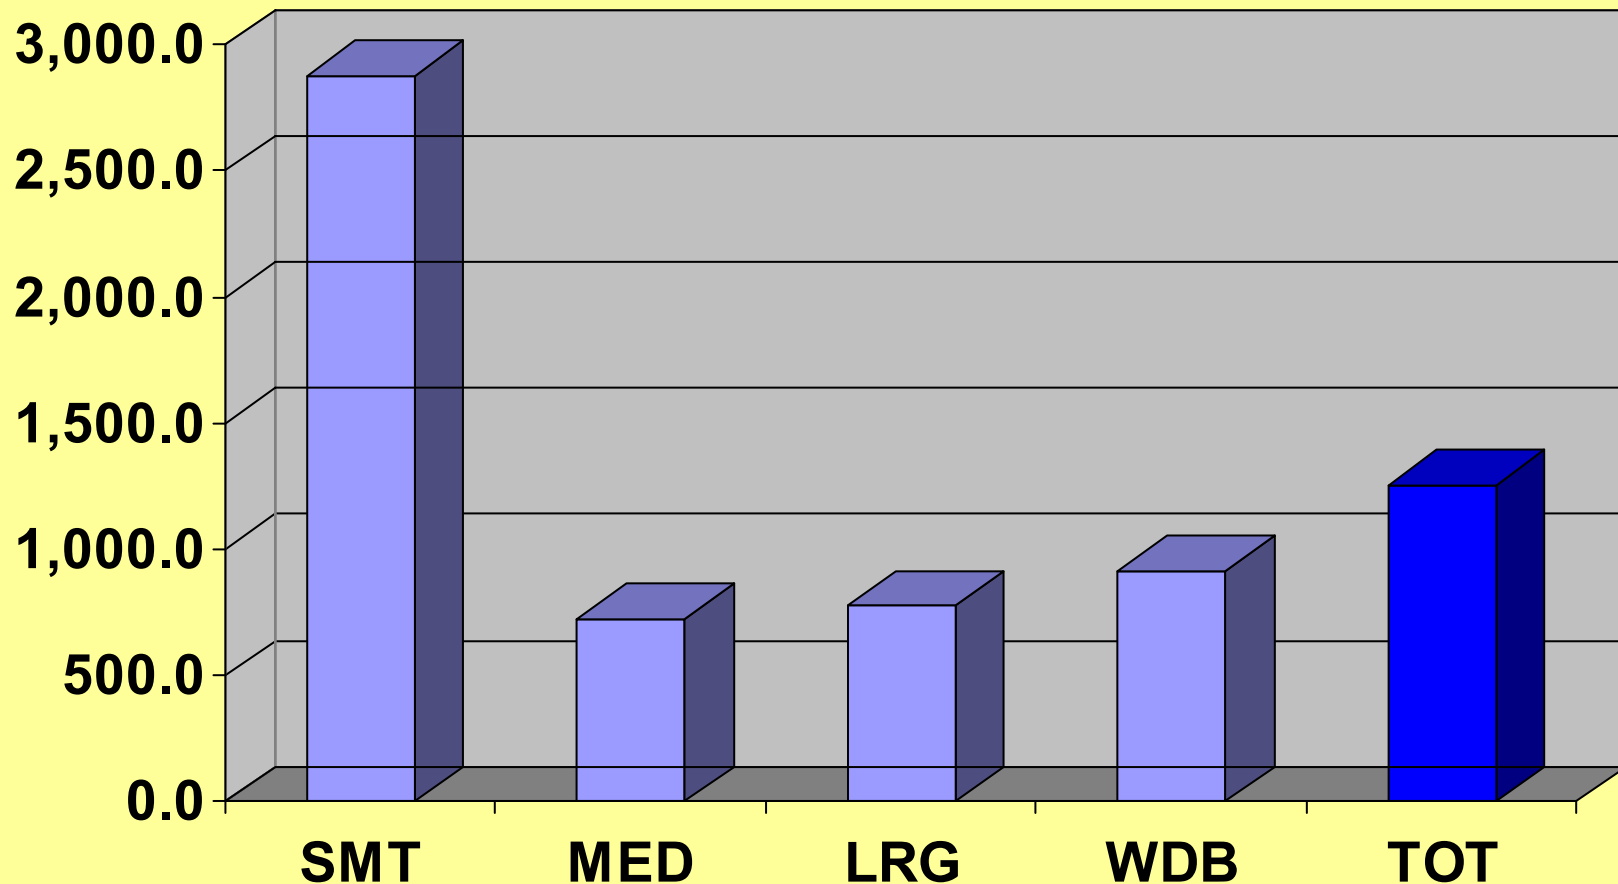

<500 ft Separation

Question: **Airborne Conflicts (AC3)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

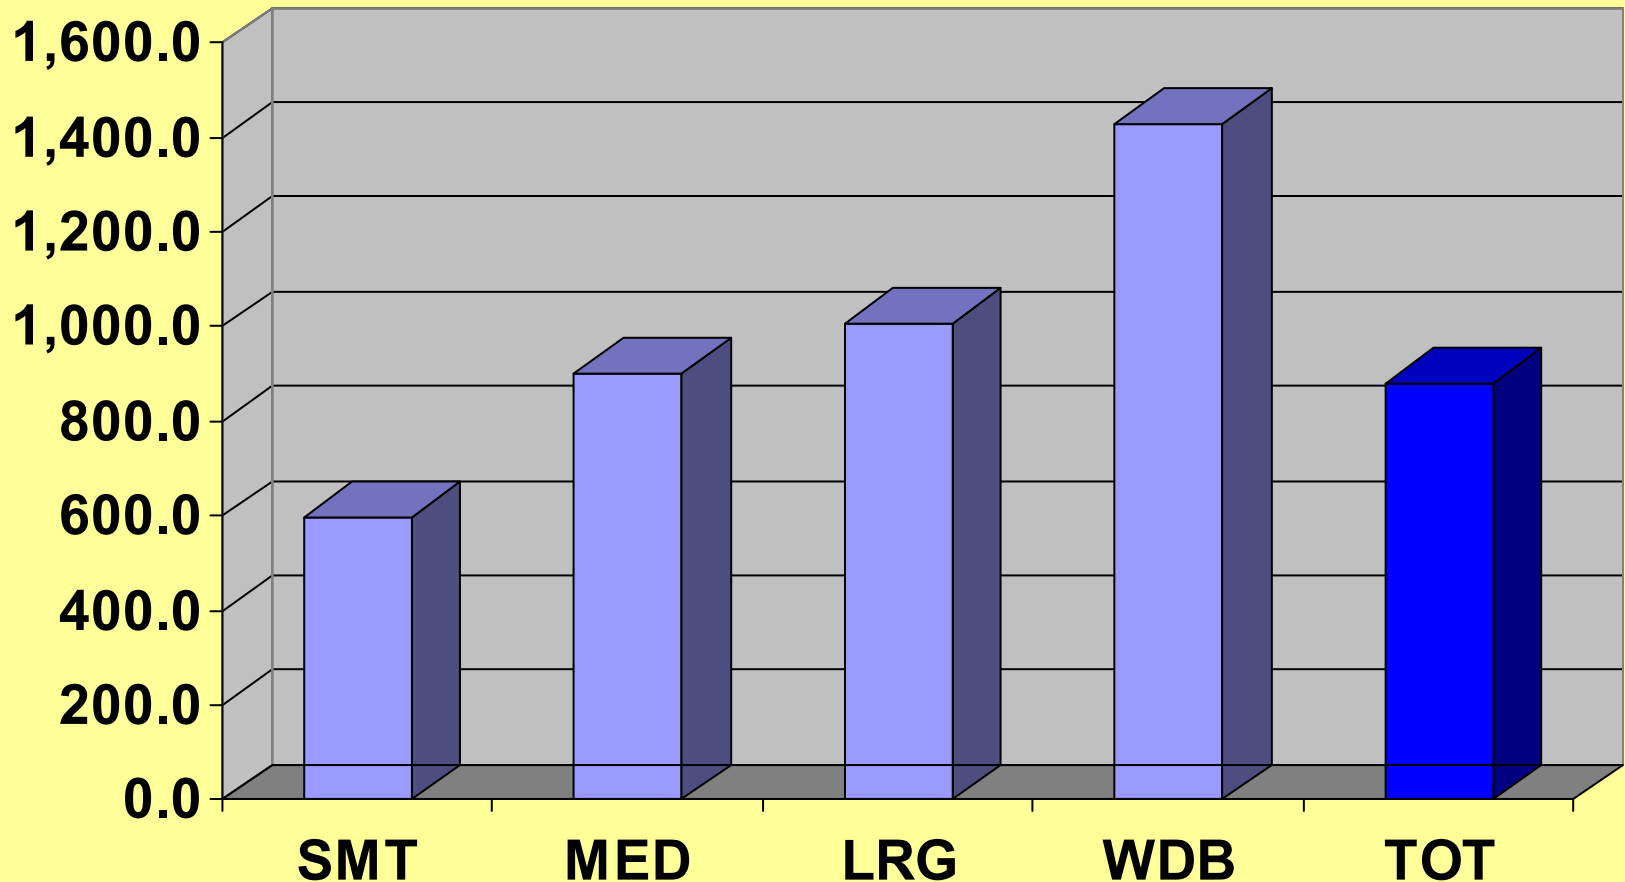

Ground Conflict with Vehicle

Question: **Ground Events (GE2)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

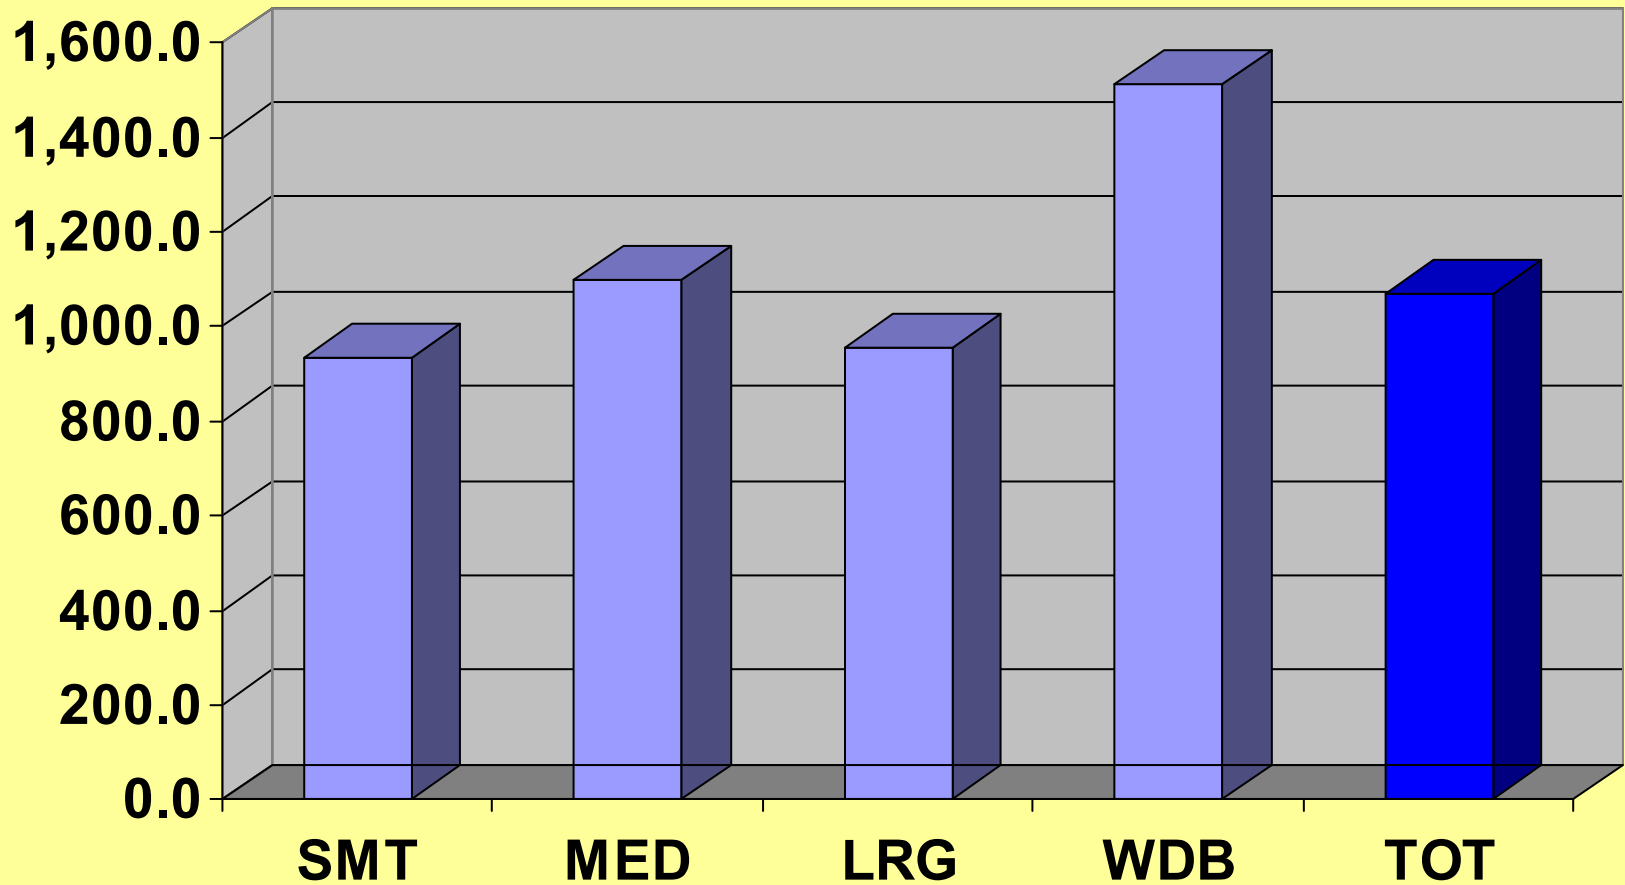

Landing Skid

Question: **Ground Events (GE3)**

Rate estimates based on all data
collected through October, 2002.

Exposure Factor: **Events per 1 million Legs**

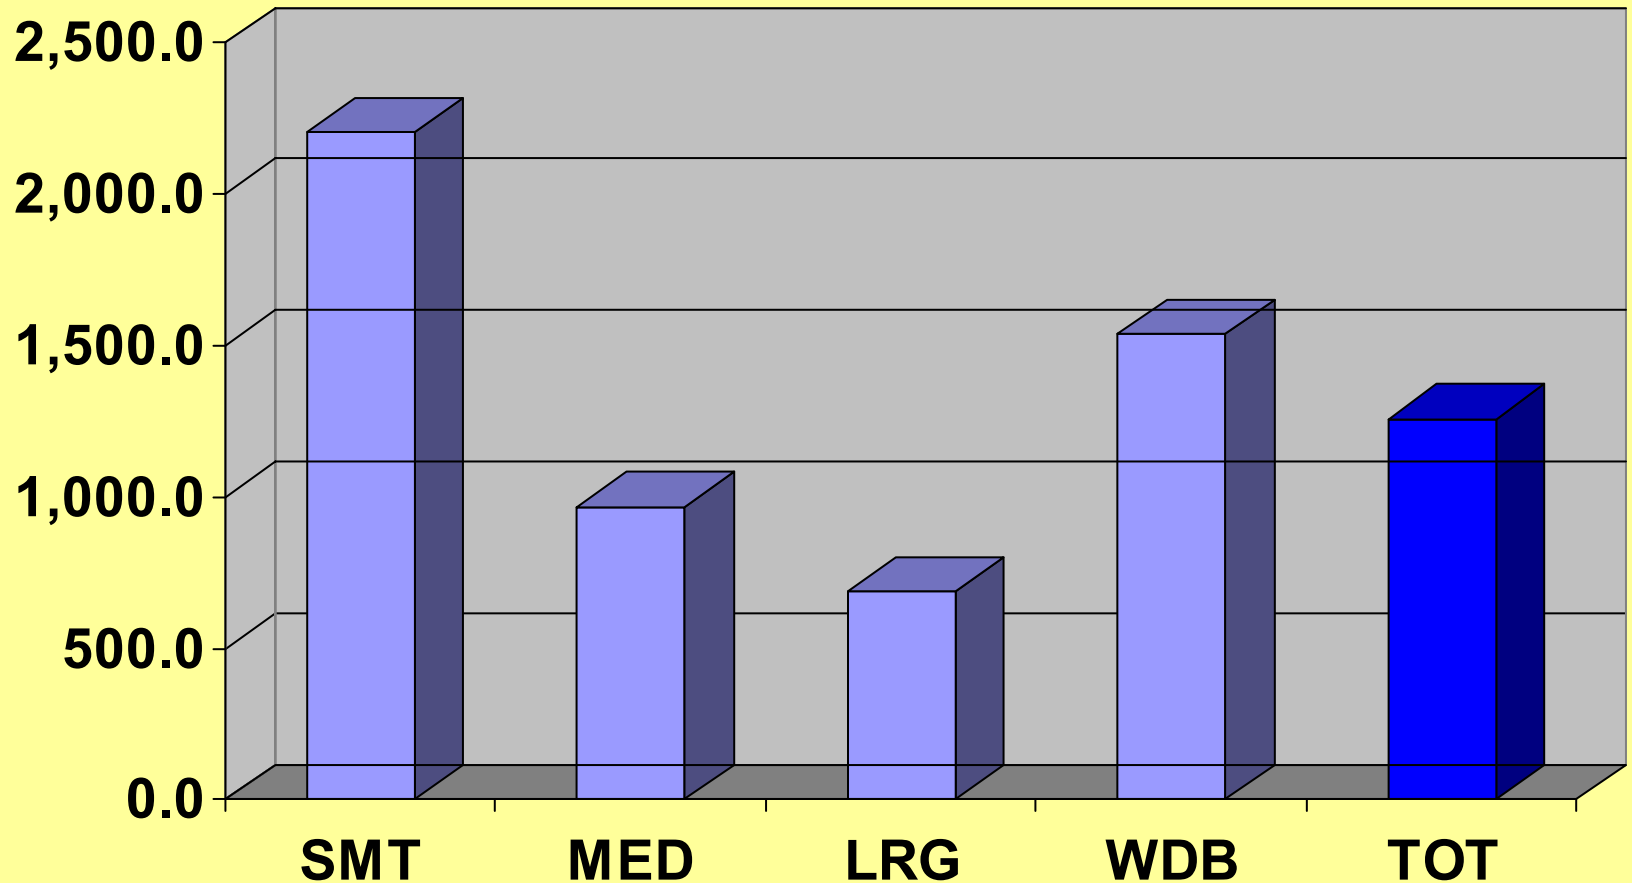

Rejected Takeoff

Question: **Ground Events (GE4)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

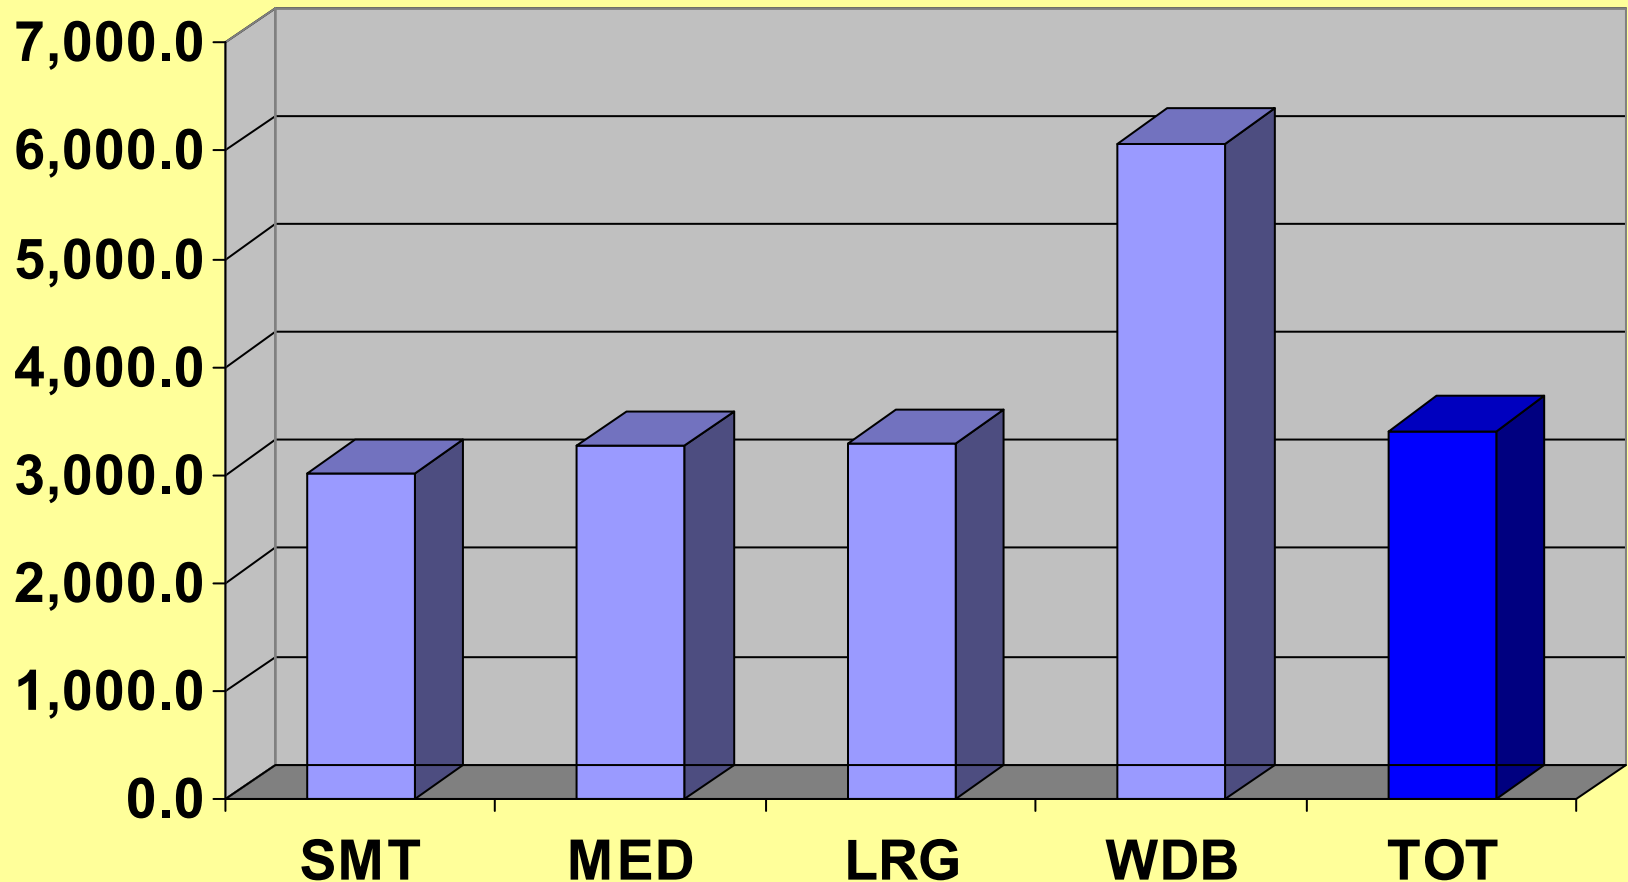

Used Reserve Fuel

Question: **Aircraft Handling Events (AH1)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

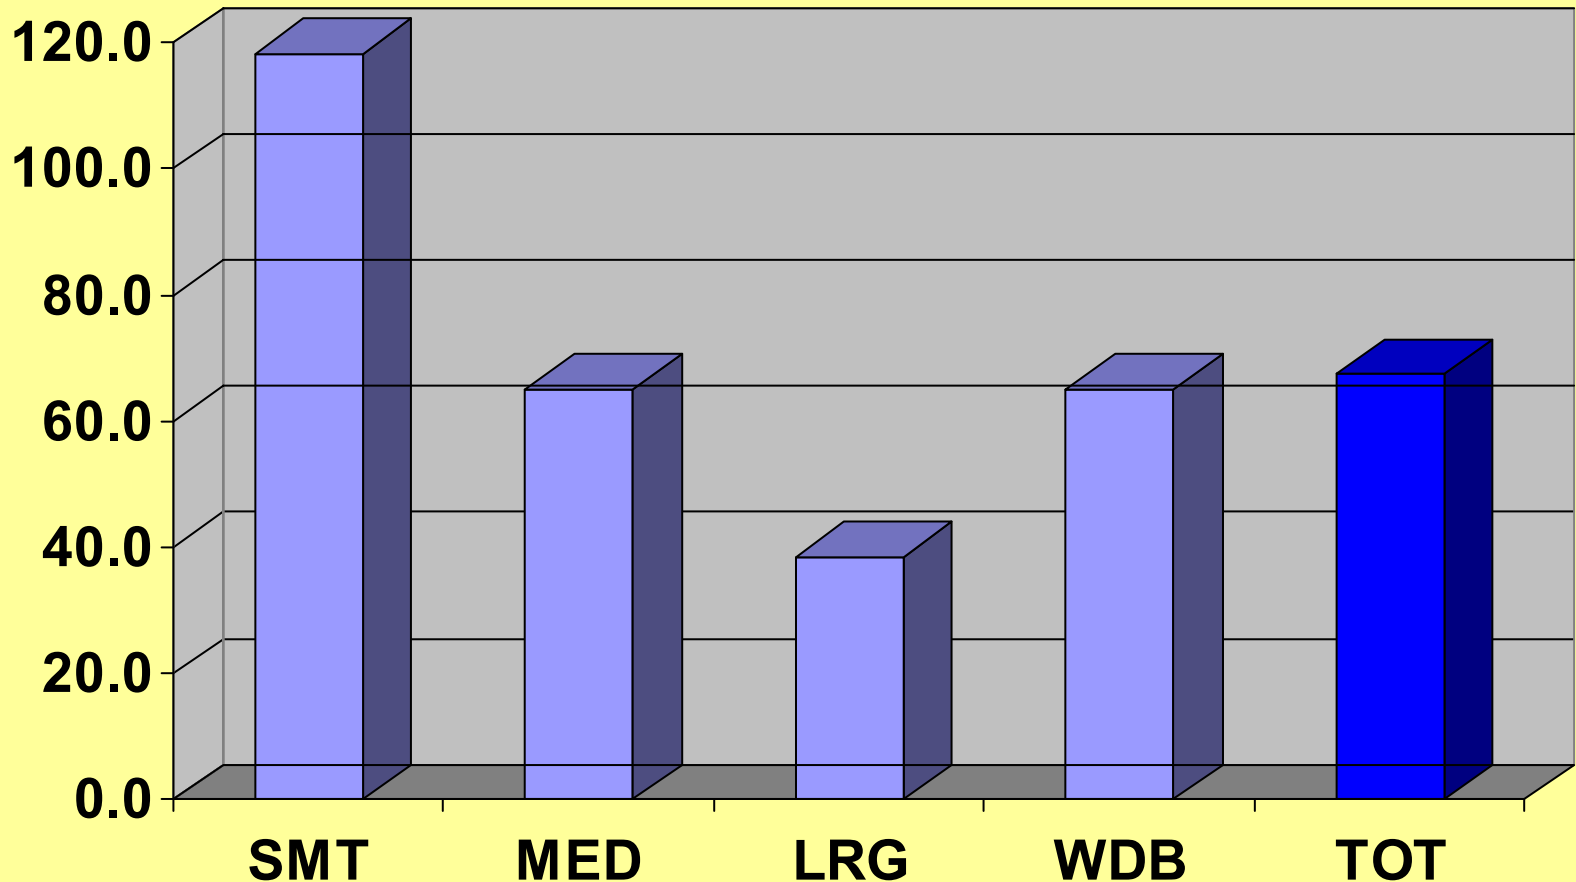

Accepted Clearance; Could Not Comply

Question: **Aircraft Handling Events (AH2)**

Rate estimates based on all data
collected through October, 2002.

Exposure Factor: **Events per 100k Hours**

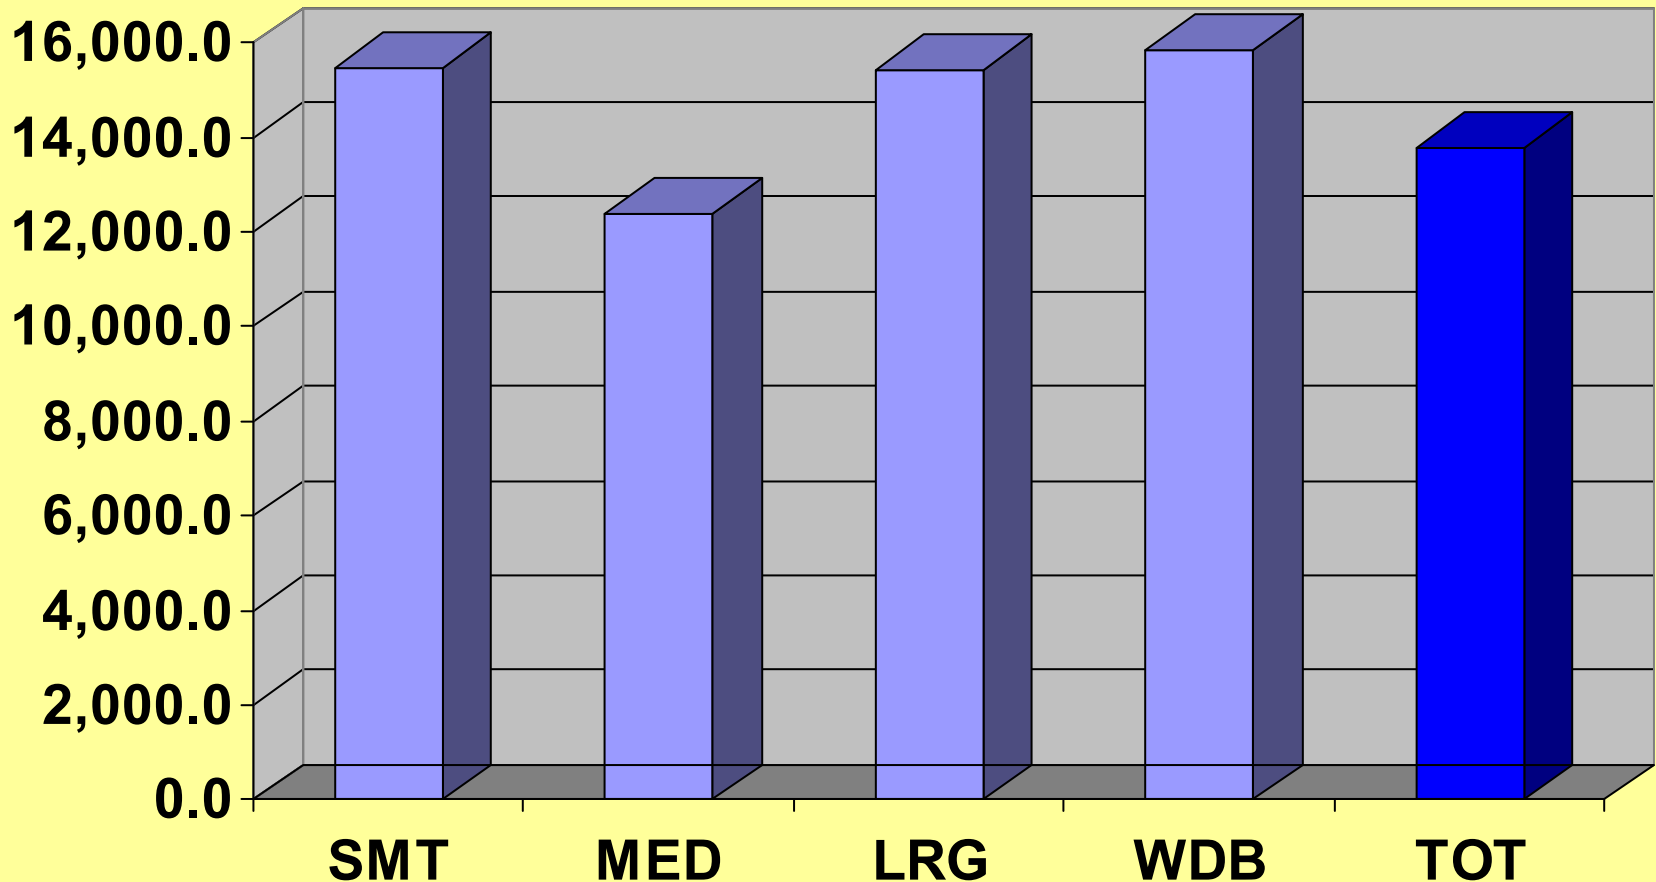

Lost Sight of Visually Separated Acft

Question: **Aircraft Handling Events (AH3)**

Rate estimates based on all data
collected through October, 2002.

Exposure Factor: **Events per 1 million Legs**

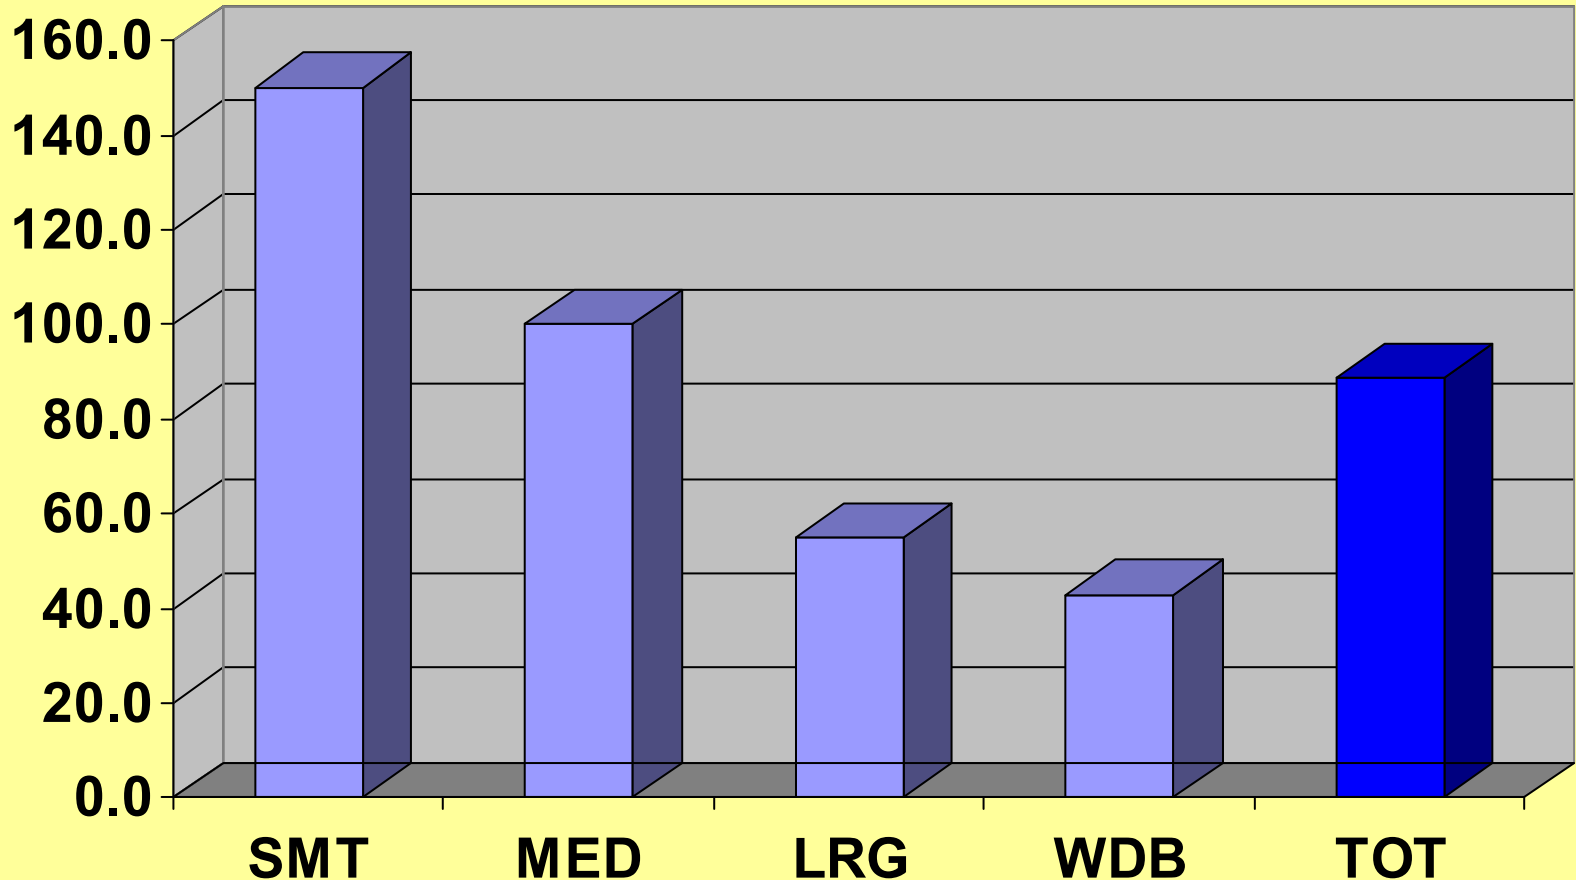

Track Deviation

Question: **Aircraft Handling Events (AH6)**

Exposure Factor: **Events per 100k Hours**

Rate estimates based on all data
collected through October, 2002.

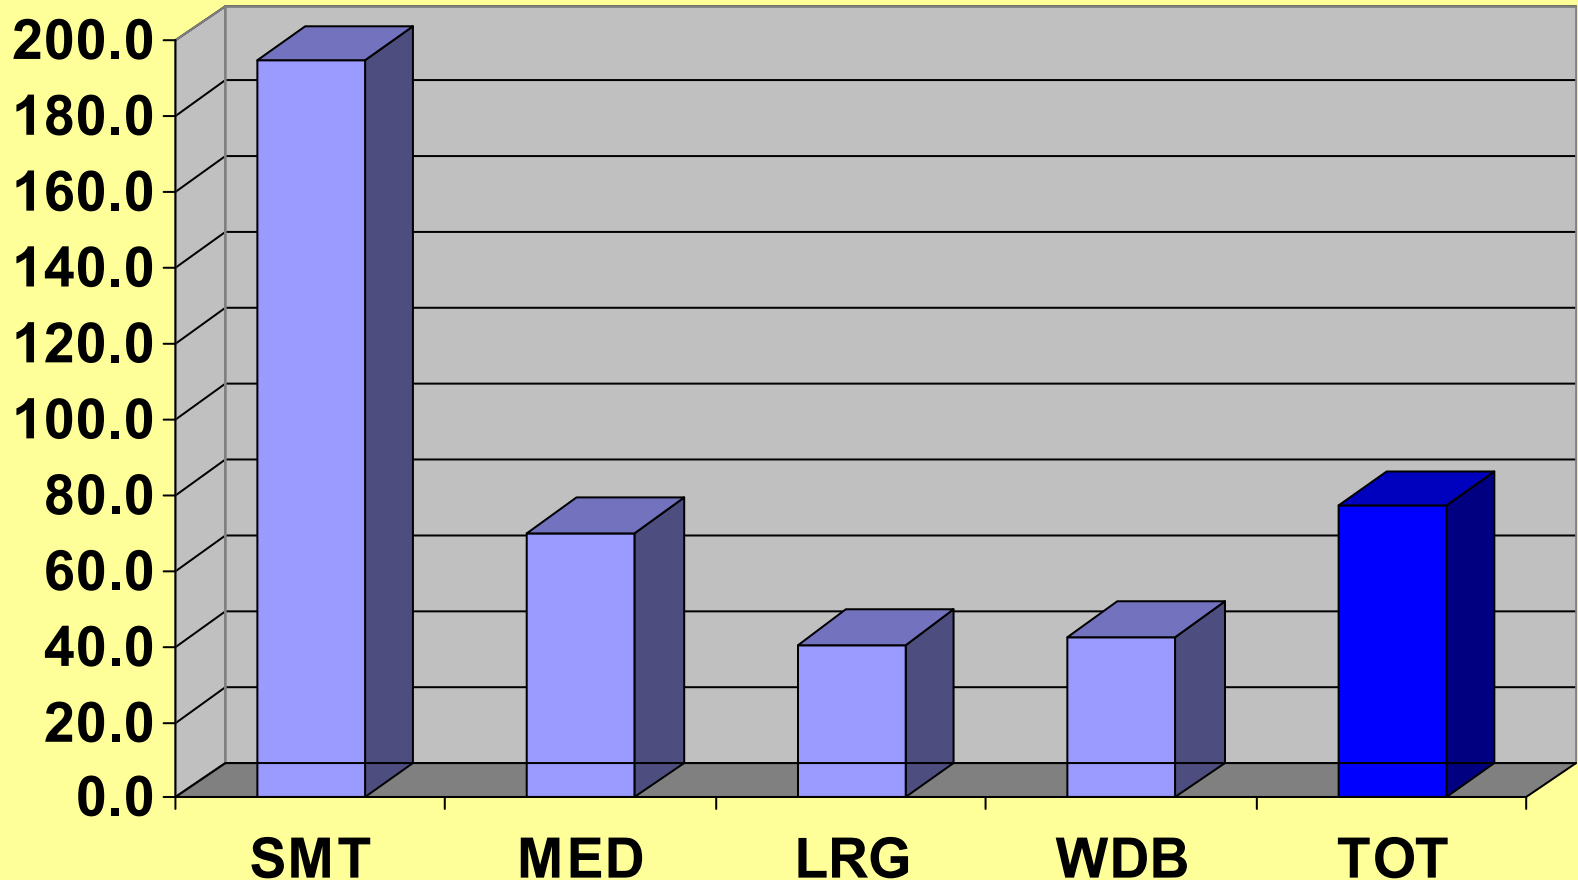

Altitude Deviation; >300 ft

Question: **Altitude Deviations (AD1)**

Exposure Factor: **Events per 100k Hours**

Rate estimates based on all data
collected through October, 2002.

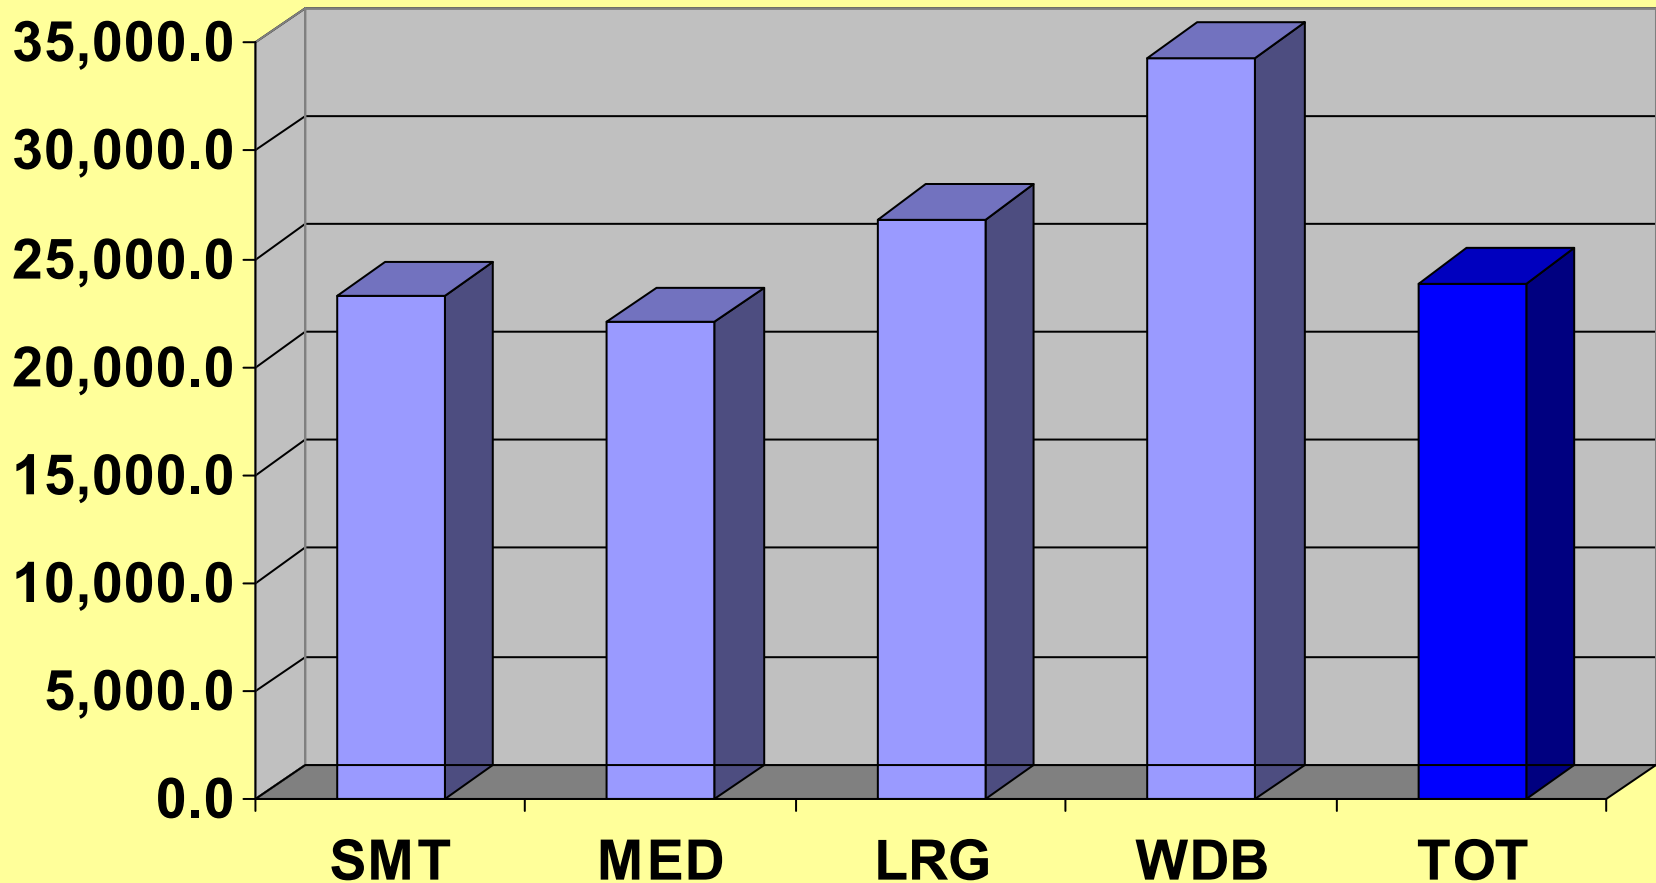

Unable Time-Critical Com with ATC

Question: **ATC-Interaction Events (AT1)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.

Rushed Approach Due to ATC

Question: **ATC-Interaction Events (AT2)**

Exposure Factor: **Events per 1 million Legs**

Rate estimates based on all data
collected through October, 2002.
